

How to Send Files Through WeTransfer

1. Visit Course Vector's WeTransfer here: <https://coursevector.wetransfer.com/>
2. Click the "+ Add your files" button on the homepage. Select the files you want to send from your computer. You can add multiple files at once.

3. In the "Your email" field, enter your email address. This is where you'll receive the confirmation code. (See screenshot in next page)

Step 3.

4. You can include a personal message in the "Message" field to accompany your files. This step is optional.
5. Click the "Transfer" button to start uploading your files.
6. WeTransfer will send you an email. In this email, you will find a confirmation code. This email is sent to the address you entered in the "Your email" field. (See screenshot in next page)

we

Your code is: 205464

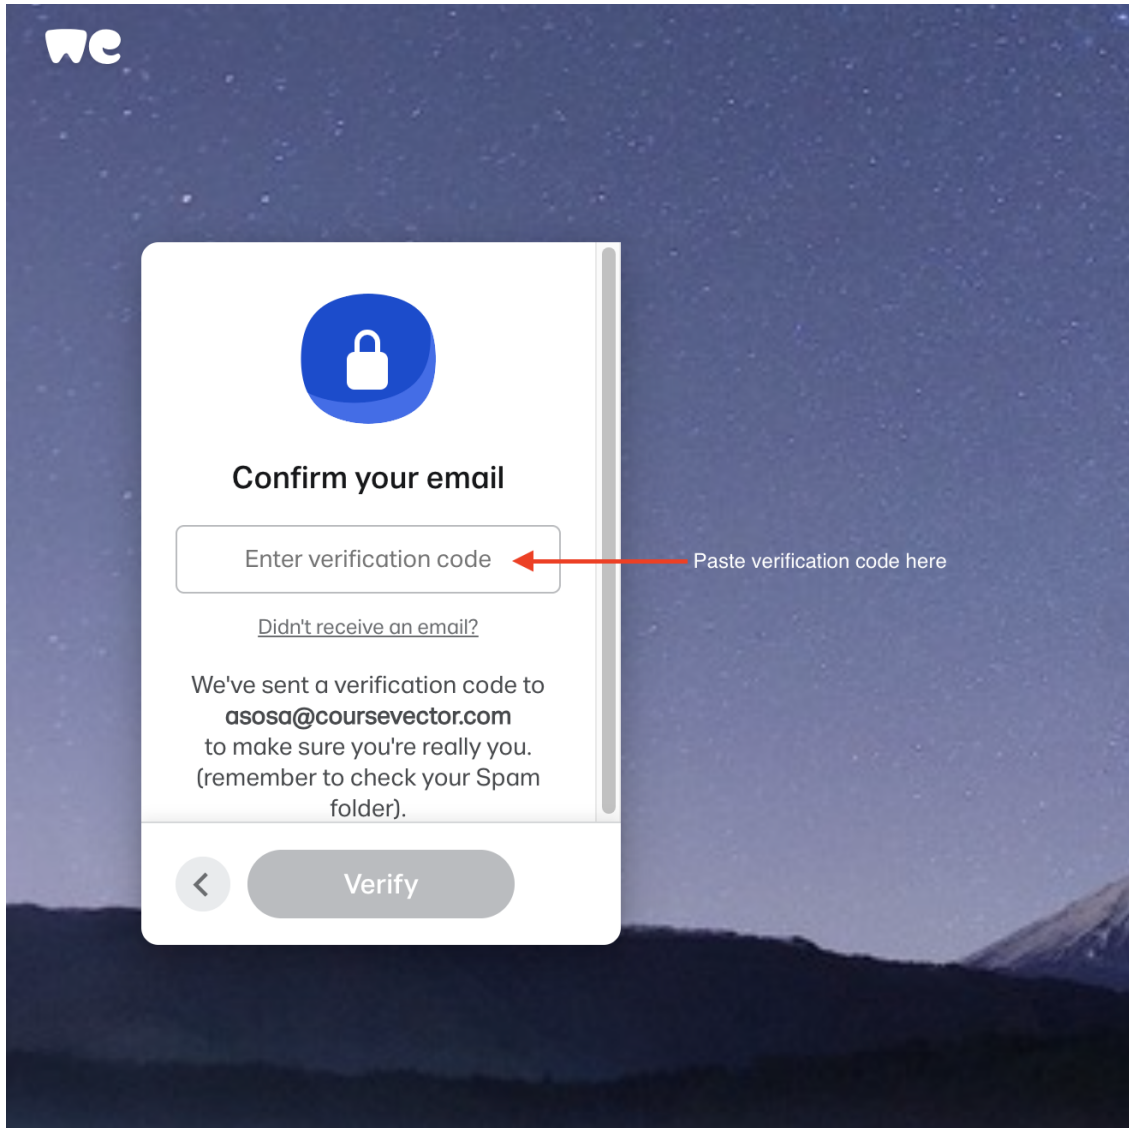

This code will be active for 60 minutes. If you don't enter it on the WeTransfer page you just visited within that time, you can resend it from your transfer.

If you don't recognize or expect this email, you can always report suspicious behaviour to our support team.

Email should look like this

7. To confirm the transfer, enter the verification code you've received on your email on the WeTransfer homepage. (See screenshot in next page).

8. Finally, click on Verify and that's it! You've successfully sent a file through WeTransfer
